

FEATURES & BENEFITS

KEYSTONE
COUNTRY
MANOR®

KEYSTONE FEATURES

Three or More Face Dimensions

- ▶ Provides the greatest degree of random layout due to variations from unit side dimensions.
- ▶ Each unit has two side dimensions.

Colors

- ▶ Keystone Country Manor is produced in color blends that enhance the natural stone-like appearance.

Three Textured Sides on Each Unit

- ▶ Weathered or antiqued finish to provide a more natural stone look to the units.
- ▶ Allows each unit to be used in multiple positions within the wall.
- ▶ Each unit can be used as an exposed end unit or a 90° corner unit.
- ▶ Allows construction of small freestanding walls, parapet walls, pilasters and columns in addition to retaining walls.

Shape

- ▶ Each unit has a 90° angle and a tapered (angled) side, allowing the units to be used in 90° corners, tight fitting straight line walls, and radii at curves.

Units are Packaged in Sets

- ▶ Eliminates the need for the contractor to pull from multiple pallets to maintain random appearance.
- ▶ Provides for a simple method of construction and a random appearance to the wall system.

High Strength Pins with Shouldered Cap

- ▶ Multiple pin positions allow for near vertical, 9.5° batter (set-back), and the opportunity to randomly pull a unit forward to accent the wall.
